

**SHACHARIS BHC ONLINE GUIDE**

Welcome to BHC online!

For those of us not necessarily used to davening alone, please be aware of the differences between the Shacharis service davened individually to that davened with a Minyan in Shul at Wootton Gardens. There are no Amens after Barachot, no Kaddish, Barachu, Amidah repetition or head resting on your arm during Tachanun but we do add “al melech neh-eh-mon” before the Shema.

The following page references may be of use.

Remember also that your microphones are designed to amplify sounds and those sounds are broadcast to everybody. We realise this is unintentional but the results can be very disruptive. If you are in a noisy area or wish to daven aloud then with respect we ask that your computer/tablet/phone be muted or even just consider relocating to a quiet area.

**Thanks for joining us.**
